

Hi there 🙋, My nam

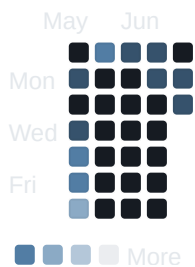

🌟 Welcome to my world of software testing 🧪 Coding

and Quality Assurance!

I'm a Junior QA Engineer based in Israel, aspiring to become a skilled SDET (Software Development Engineer in Test).

With a solid background in software testing and an ISTQB certification, I aim to contribute to the development and testing of high-quality applications and software products.

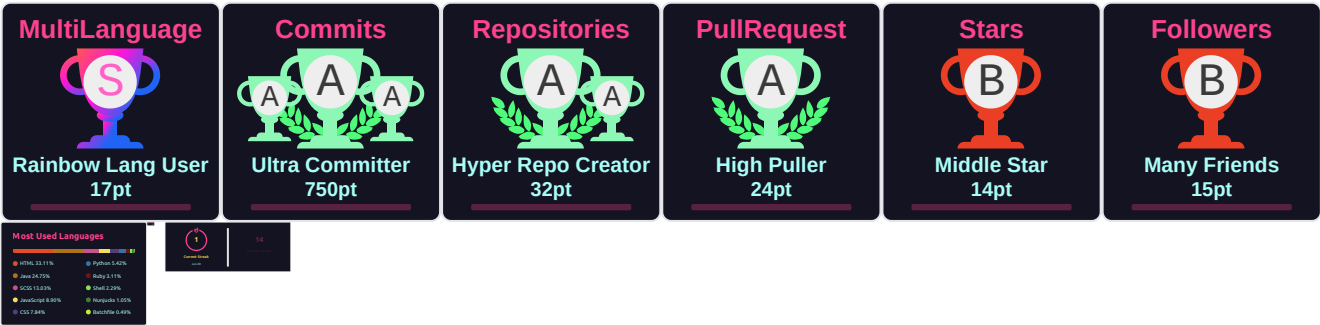

💻 Programming Languages and Tools

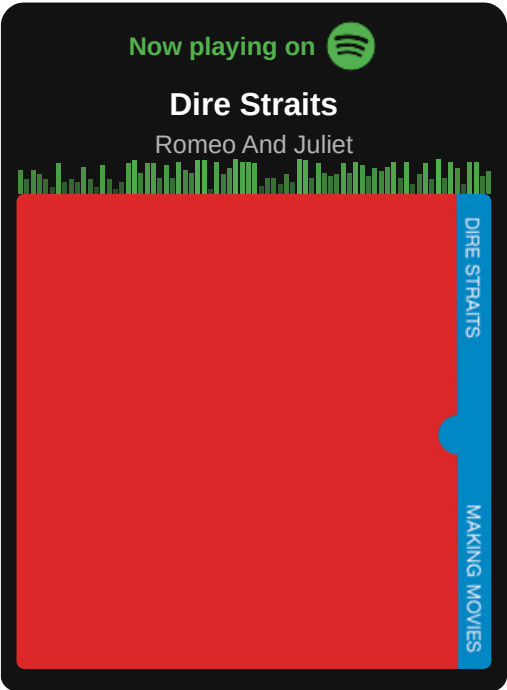

Github States

Join me on this exhilarating journey towards coding and testing, where we harness the power of music to unwind and embrace relaxation. Together, let's elevate the software experience and enrich the realm of music! 🎧🚀
